MEET EENU, YOUR CHILD'S FOREVER FRIEND

Dear parents, do you know that your child is different from yesterday's children? Your child is much more familiar with the digital world than yesterday's children were, perhaps including you. Also, your child is much more eager to learn and explore in many more innovative ways possible.

In such a scenario, no parent can dispense with the crucial role that preschool education plays in their child's life. At Bachpan, we aim to meet all your expectations with great sincerity. Our interactive tech-learning tools, engaging play-way methods, and top-notch infrastructure are just added advantages.

Hi, I am Eenu, a Bachpanite! You must be excited to know about your child's wonderful journey with us
Come, let me show you.

LET'S TAKE YOUR CHILD FROM BACHPAN TO ACADEMIC HEIGHTS

Who knew that India's leading play school chain as well as formal school chain were in the making when Bachpan was founded in 2004? In those early days, there existed a critical gap in the education sector. There was a blatant absence of age-appropriate teaching methodologies, contemporary infrastructure, a systematic curriculum, interactive and innovative learning materials, and tech integration. This absence of the foundational elements for children raised concerns about both the quality and effectiveness of preschool and K-12 education.

Then came Bachpan Play School into the picture and bridged the gap with resilience and passion, becoming one of the top preschool chains in India with 1200+ branches over a short time. In 2009, our formal extension Academic Heights Public School (AHPS) was also established. It has 120+ branches that focus on inculcating life skills in children for their overall success in the future.

GET A BIRD'S EYE VIEW OF OUR WORLD

OUR VISION

We envision empowering every child with disciplinary, interdisciplinary, and multidisciplinary knowledge.

OUR MISSION

We aim to utilise the latest NEP/NCF guidelines for your child's perfect holistic growth and experiential learning.

DISCOVER TOP LEVELS FOR YOUR CHILD @ BACHPAN & AHPS

I cannot wait to be strong like Shaktimaan, a genius like Sherlock Holmes, and kind and charitable like Richie Rich!

At Bachpan Play School and AHPS, we offer personalised learning journeys for your child at every level on the ladder of their educational experience.

Develops foundational skills

NURSERY

Introduces structured learning

LKG

Fosters language and cognitive skills

UKG

Refines multiple intelligences

PRIMARY

Stimulates holistic development

MIDDLE

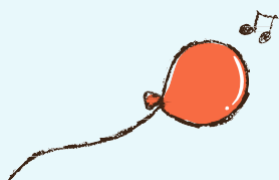

Initiates fierce academic rigour

SECONDARY

Offers advanced coursework

SENIOR SECONDARY

Provides career-oriented education

UNIQUE OFFERINGS AWAIT YOUR CHILD

I am sure that my soon-to-be Forever Friend will love Bachpan like I do! You should definitely check out our school offerings.

SPEAKOPEN

Our nanotechnology-based Speak-O-Pen is a favourite among kids, which serves as a 24/7 passive learning tool.

Concept Rooms

Every room at Bachpan is a new adventure for your kid, such as the AV Room, Doll Room, Ball Room, and Gym Room.

prismart

Our best-ever Smart Classes, powered by Prismart, consist of powerful visuals and curriculum-mapped content.

360° Support App

Our 360° Support App gives your child access to 500+ hrs. of educational digital content and integrated e-books.

ROBOTIME

Our Robotime Kit lays the bedrock of STEM learning in your child and also builds core life skills for good.

EXPERIENCE MORE ADVANCED OFFERINGS

I am eager to be
an AHPsian!

SPROUT Curriculum

Bachpan's SPROUT Curriculum is aligned with the NEP 2020 and NCF 2023 guidelines; at AHPs, it is more advanced.

Tech Learning Tools

Like Bachpan, AHPs provides children with tech-led learning through Smart Classes, Robotime, and the 360° App.

Career Counselling

Our "Udaan" Career Counselling offers expert guidance to help students choose the right career path and make informed decisions for a successful future.

Hi-Tech Labs

We have well-equipped and hi-tech labs for students to offer them hands-on experiences in every subject.

Life Skills Education

We promote brainstorming sessions, debates, wellness programs, trips, and excursions to foster life skills in students.

Futuristic Programs

We organise futuristic programs from time to time, such as Decode Startups and KEO (Knowledge Exchange Opportunity).

EVERY CONCEPT HAS A ROOM @ BACHPAN

Isn't it cool that we play while we learn, and we learn while we play, all at the same time?
